Dusk Driving Is Most Dangerous

period of the day for motorists on city streets and open highway is between sundown and darkness.

the time of heaviest travel with the greatest number of drivers homeward bound and more determined to reach their destination in a hurry.

The outstanding fatality factor at this particular time of day, however, has been tound to be the failure of the great majority of motorists to realize the danger of not turning on the headlights of their automobiles well in advance of approacning dusk.

In fact, surveys show that the great majority drive until daylight has dimmed to such an extent that it is actually difficult to see or be seen at a safe distance before switching on full headlights, or even parking lights. Every motorist can quickly observe this common danger on any highway as the critical hour of twilight approaches.

The result of this careless, thoughtless and inconsiderate habit of so many drivers is a sharp increase in head-on collisions as motorists pull out to pass the vehicle ahead without being able to see, or be seen, by oncoming cars.

Why so many people seem determined to "drive as long as possible" before ment and heavy penalties are in order turning on automobile lights, even after to eliminate such habitual "late-lights" most other drivers have done so, and at from our streets and highways.

Studies of statistics on traffic acci- the imminent risk of their own safety cidents reveal that the most dangerous and that of others, is inexplicable unless it be a false belief that they are "saving electricity." The fact is that in present day cars, it is usually best for In all sections of the country this is both battery and generator to burn the lights, even in daytime driving.

Palm Springs, California

In any event, human life and limb are far too precious to be risked by failure to flip on the light switch. And it is plain that thousands of traffic injuries and deaths could be avoided annually if the driving public would only make it a universal custom of turning on auto headlights and tail lights well ahead of the first signs of approaching darkness.

Since this is a matter up to the judgment and common sense of each individual motorist, each one can set a good example which may help to influence others to do likewise.

Therefore, whenever you drive near sundown, take pride in being the FIRST to turn driving lights on full. By so doing you not only increase safety of others, but you are also reducing the danger of accident, injury or even death striking you.

Any driver who is so stupid as to continue driving after sundown without lights is a nuisance to himself and ev-

THE IDEA of setting aside a special day to revere our mothers originated with Miss Anna Jarvis of Philadelphia.

She arranged for a special service in her mother's home church in Grafton, West Virginia, and personally attended this service on May 10, 1908.

She talked to editors and reporters. They talked to congressmen.

AND IN 1914, President Woodrow Wilson officially set aside the second Monday in May each year as Mother's Day.

It has been so observed ever since. But since May 10, 1908, was the first observance especially to honor mothers — tomorrow will be the 50th anniversary of

Being the Sunday before the Ascension of Christ, the day from ancient times has been one of especial prayer and supplication. In the colder European countries, this was "seed time," the beginning of the thought of the providence of God, which reaches its culmination in the fall at the time of harvest and thanksgiving.

Giant Fans Find It's True About Willie

Blasts 2 Homers To Lead 11 to 3 Rout of Dodgers

By FRED DOWN United Press Sports Writer San Francisco fans who had been beginning to wonder are convinced today that it's true what they've been hearing about Willie Mays.

Wondrous Willie, something of wondrous while, something of a disappointment in San Francis-co because he was not hitting the long ball, broke loose with a vengeance Friday pight to lead Giants to an 11-3 rout of the Los Angeles Dodgers.

THE HOMETOWN San Francisco crowd saw Willie knock in five runns with two homers and a double and also turn in a spectacular catch in the field.

The victory, the Giants' fifth in

seven meetings with the Dodgers, moved San Francisco into second waukee Braves. The Giants' victories are the most scored any team in either league.

THE BRAVES RANG up their fifth straight win by beating the Cincinnati Redlegs, 6-3, the Pittsburgh Pirates took a 1-0 12-inning thriller from the Philadelphia Phillies and the St. Louis Cardinals snapped a seven-game los-ing streak with a 3-2 decision over the Chicago Cubs in other

N.L. games.

In the American League, the
New York Yankees halted the suprising Washington Senators, 9-5, the Chicago White Sox beat the Cleveland Indians, 2-0, the Boston Red Sox battered the Baltimore Orioles, 13-5, and the Detroit Tigers romped over the Kansas City Athletics, 7-1.
